

# City Skyline

- You need**  thin cardboard  paper  felt-tip pens  
 scissors  tape

## Activity

Tyson and Fasi saw this picture of a city skyline:

*Pyramid Plaza*

*Shopping Centre*

*Capital Chambers*

*Colonial House*

*Civic Centre*

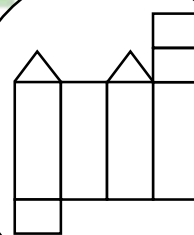

*Archie's Arcade*

They decided to make a model of the buildings.

Capital Chambers is easy. It's just a rectangular box.

The net for Pyramid Plaza could look like this:

1. Will Fasi's net for Pyramid Plaza work?
2. Help Tyson and Fasi draw the nets for all the other buildings.
3. Make models of all the buildings and use felt-tip pens to draw windows and doors. Shade in the spaces for the arches shown at the top of some of the buildings.
