

Weighing Tonnes

Konshiki was the largest active sumo wrestler in the world with a mass of 287kg.

Now he is retired.

How many Konshikis weigh as much as 1 tonne?

Make a table of tonne weights using objects in the classroom.

Remember that 1000 kg is a tonne.

Object	Mass	Number in a tonne
Konshiki	226 kg	
School bag	5 kg	200
