List

- Cereal
- Potatoes
- Milk
- Frozen Peas
- Ice Cream
- Canned peaches

Browse online to shop for the items on the list. Make sure you are selecting the best value items for your money.

As you work, list the items you are choosing and their prices. Once you have finished calculate the total price for all of the items on your list.

You can use a calculator to help but make sure you check that the answers you have got are reasonable.

Compare your list and the total you have spent with the work of other groups. Were you able to spot the savings?
