

Cut Off

Activity

Last night, a thunder and lightning storm caused a power blackout across the whole of Derriton. When the power came on again, Jackie's parents asked her to reset all the digital clocks in their house. She did this at different times during the evening.

Write the correct times for these digital clocks in your book for Jackie, using the analogue watch times that are shown next to them.

1. Set the time on the microwave.

2. Set the time on the alarm clock.

3. Set the time on the video player.

4. Set the time on the oven.
