

Division Revision

You need another book or a piece of paper

Activity

In the tables below, the answer line is the bottom line, shown in blue.

- Cover the answer line with a book or a piece of paper.
- Work out the answer to the first equation.
- Slide the book or paper to the right to uncover the answer for that equation and check your answer.
- Write down the facts you do not know in your book.
Study these facts and come back to this page next week to see if you can get them right then.

	6	10	4	12	18	14	8	16	12	18	9	27	15	21	6	24
