# Domino Delight

You need ☑ a set of dominoes

Activity

1. The total number of dots on each domino is one less than on the domino behind it.
Draw each domino.

2. The total number of dots on these five dominoes is 35.

Each domino has two fewer dots in total than the domino in front of it.
Draw each domino.

3. This is a domino doughnut.

   a. What do the dots on each side total?

   b. Use the same dominoes to make a doughnut with a different side total.
