Gill, is playing with her name and with numbers. She lets all her **consonants** equal 3/8 and all her **vowels** equal −5/8

So the value of Gill's name is
3/8 − 5/8 + 3/8 + 3/8 = 4/8 = 1/2 = 0.5

What is the **value** of your name?

Change the rules so that the value of your name is **negative**.
