

Kiwi Kai Tricky Problem 1

Two hungry kiwi, Keri and Kenny, went hunting for worms together.

They collected nine worms altogether.

“Let’s have a feast,” said Keri

“How many worms will we get each?” asked Kenny.

Kiwi Kai Tricky Problem 2

Four hungry kiwi, Keri, Kenny, Karla and Kahu went hunting for worms together.

They collected nine worms altogether.

“Let’s have a feast,” said Keri

“How many worms will we get each?” asked Kenny.

Kiwi Kai Tricky Problem 3

Five hungry kiwi, Keri, Kenny, Karla, Kahu, and Kimmy went hunting for worms together.

They collected eleven worms altogether.

“Let’s have a feast,” said Kahu

“How much worm will we get each?” asked Kimmy.

Kiwi Kai Tricky Problem 4

Three hungry kiwi, Keri, Kahu and Kenny, went hunting for worms together.

They collected eleven worms altogether.

“Let’s have a feast,” said Keri

“How many worms will we get each?” asked Kenny.
