

Losing Your Marbles

You need marbles

a classmate

Activity

It is marbles season, and Vita is trying to work out what each kind of marble is worth. She studies a few swaps that students are making.

1. How many cat's-eyes should Vita give Clare if Clare wants to swap two boulders?
2. How many milkie's should Vita swap for four boulders?
3. How many queenies would 10 galaxies be worth?
4. A kingie is worth two queenies.
 - a. How many boulders would one kingie be worth?
 - b. How many cat's-eyes would one kingie be worth?
 - c. How many milkie's would one kingie be worth?

Investigation

With a classmate, investigate the exchange rate for marbles at your school.
