

On the Cards

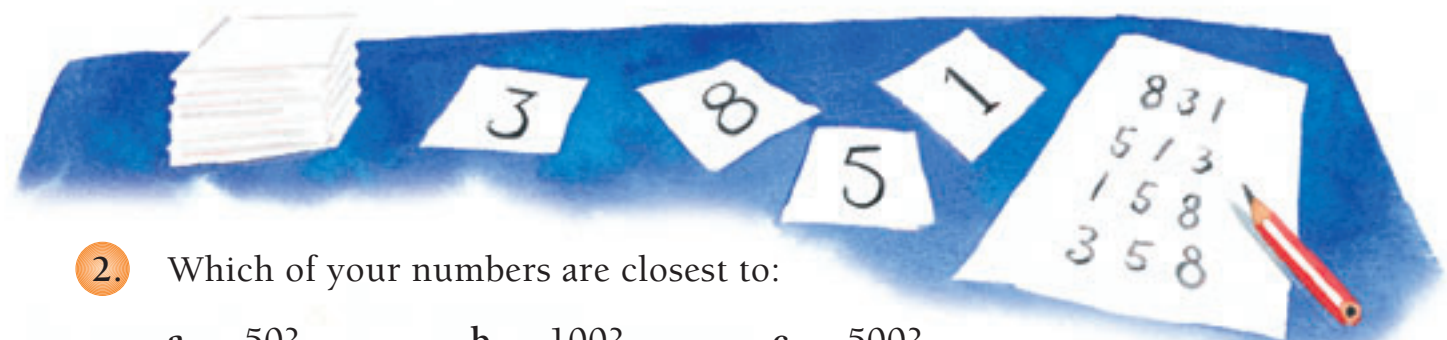

You need 4 sets of digit cards (0-9)

Activity One

Deal yourself four digit cards.

1. How many different two- and three-digit numbers can you make with your cards? Don't use any digit twice in the same number. Write the numbers down.

2. Which of your numbers are closest to:
 - a. 50?
 - b. 100?
 - c. 500?
 - d. 1000?
 - e. 469?

Activity Two

Deal yourself five digit cards.

Use the cards to write some "greater than" and "less than" sentences with two-digit numbers.
