

Table Time

Activity

Copy the tables into your book and fill in the blanks.

1. Gina's Gumboot Store keeps a table to show the number of gumboots they have sold.

People	1	2	3	4	5	
Gumboots	2	4	6			12

2. Trevor's Tyre Service kept a table to show the number of car tyres they had serviced.

Cars	1	2	3	4	5	
Tyres	4	8	12			24

3. Draw the table Trevor's Tyre Service would end up with if they included the spare tyre in the boot and serviced five tyres on each car instead of four.

4. Barbara had a sale at her bookshop. She gave away two free books with each book she sold. She started with 30 books and kept a table to show how many books she had left.

Customers	1	2	3	4	5		
Books left	27	24	21			12	9

5. Shutter Theatre are putting on a play. They are selling tickets to groups of five people only. They have 40 seats for sale.

Can you fill in the table given below to show Shutter Theatre how their tickets will sell?

Groups	1						
Seats left	35
